- Keep your pager on you.
- **When the pager vibrates:**
  - **Return to the wall phone by the Pacific elevators on the 2nd floor right away.**
  - **Pick up the phone. It will auto-dial the Cardiac Procedures nurses' station.**
- Return the pager to the Cardiac Procedures nurses' station before you leave.
- If you have questions or concerns, use a hospital phone to call the Cardiac Procedures nurses' station: 87146.
